

eBanking

Automate your critical banking activities and interact electronically with your bank with comprehensive tools that help reduce administrative costs, increase productivity, and improve cash management— in a security-enhanced environment.

IMPORT TRANSACTIONS FROM A LOCKBOX and automatically apply payments to corresponding invoices.

The screenshot displays three overlapping windows from the Microsoft Business Solutions - Great Plains software. The 'Lockbox Entry' window shows fields for Lockbox ID, Description, and Lockbox Import File. The 'Lockbox Transactions' window displays a table of transactions with columns for Doc. Number, Date, Customer ID, Check Number, Original Amt., and Unapplied Amt. The 'Safe Pay - Transactions Upload' window shows a table of transactions with columns for Checkbook ID, Transaction Number, TRX Date, Type, and TRX Amount, along with summary statistics like 'Number of Checks: 15' and 'Checks Total: \$38,412.13'.

UPLOAD PAYMENTS FOR SUBMISSION to your bank to take advantage of their Positive Pay service.

Manage financials more effectively

Reduce errors by streamlining manual data entry and cash application through automation of your vital banking activities and electronic interaction with your bank.

Reduce administrative expenses

Eliminate paper waste and repetitive manual data entry by moving routine accounting tasks online and automatically applying bank transactions directly to customer accounts.

Improve productivity

Streamline accounting processes with effortless electronic reconciliations, improved funds availability, line-item level control, and intelligent adaptation to your particular bank processes.

Increase your financial security

Manage your electronic banking in a security-enhanced environment, that includes increased protection through check comparison, easy exception handling, and automated transaction matching.

Access decision-driving information

Work smarter and faster by accessing transaction information online and applying transactions to accounts when they occur, rather than days or weeks later.
